BOARD CORNER

BROCKVILLE AND DISTRICT HOSPITAL FOUNDATION'S EXECUTIVE DIRECTOR TRANSITIONING TO NEW ROLE

The Board of the Brockville and District Hospital Foundation (BDHF) is pleased to announce that Joan Simon will be moving into the exciting new role of Donor Relations/Major Gifts Coordinator.

Joan has spent 14 years crafting relationships throughout the community and at this time she wants to concentrate her efforts on donors, strengthening those long-standing relationships and building new ones - all in support of Brockville General Hospital.

“It has been a privilege to have served as the Executive Director for the Brockville and District Hospital Foundation for the past 14 years,” said Joan Simon. “I have always been grateful that we live in such a giving community, and I am thrilled to be transitioning into this new role. It will be an honor to be a steward of our donors’ wishes”.

“Joan Simon has worked tirelessly as our Executive Director. She is highly respected by our community as well as other hospital foundation leaders across the province for her significant achievements” stated Marilies Rettig, Chair of the BDHF Board. “We could not be more fortunate to

have her continue her work with the Foundation focusing solely on donors as we prepare to embark upon an equipment campaign and to address the critical needs of BGH.”

Joan will remain in her position as Executive Director until the BDHF Annual Meeting in June and then will transition into the Donor Relations/Major Gifts Coordinator position. The Foundation Board will be embarking upon a search process in the coming weeks for an individual to assume the role of Executive Director.

HONOURING A FORMER BROCKVILLE GENERAL HOSPITAL STAFF MEMBER

Donation made in memory of Trishan Kelso.

Shan Kelso of Domville, passed away at Brockville General Hospital (BGH) on Wednesday, September 8, 2021. Shan worked at BGH for 34 years as a physiotherapist, the Director of Rehabilitation, and later in her career as Assistant Administrator. Shan was also a strong supporter of BGH. Shan’s husband, John, and her family wanted to honour her memory by making a donation of \$1,500; with \$500 going towards a piece of equipment for BGH’s Rehabilitation Program, and \$1,000 going towards the purchase of an MRI machine for BGH.

Pictured presenting a cheque in memory of Shan Kelso to Joan Simon, Executive Director for the Brockville and District Hospital Foundation, is Shan’s husband, John Kelso.

ANNUAL APPEAL

ANNUAL APPEAL EXCEEDS ITS FUNDRAISING GOAL BY RAISING OVER \$219,000!

The BDHF's 2021 Annual Appeal goal was to raise \$200,000 to purchase a new bronchoscope tower for Brockville General Hospital's Ambulatory Care Program. Three days before the end of the Annual Appeal the BDHF announced that it surpassed the \$200,000 goal and raised a total of \$219,149.16.

A bronchoscope tower is used by a Respiriologist to detect the cause of breathing difficulties and lung problems. It is a highly complex system that combines special lighting, recording and cameras to look inside a patient's lungs and airways. Having access to this equipment at BGH means patients will no longer have to travel to Kingston or Ottawa to have this procedure.

Joan Simon, BDHF, Executive Director stated, "The community support for the appeal, and for Brockville General Hospital has been overwhelming. We are very fortunate to have a community hospital in our midst and the public clearly believes this as well."

Pictured at the front entrance of Brockville General Hospital (BGH) sharing the news that the Annual Appeal goal has been surpassed are (l-r): Julie Caffin, Vice-President and Chief Nursing Executive and Marilies Rettig, Brockville and District Hospital Foundation Board Chair.

Thank you to everyone that supported the Annual Appeal.

Your gift directly sustains and serves the healthcare needs of our families, friends and neighbours throughout Leeds and Grenville.

“The results of philanthropy are always beyond calculation.”

We are proud to be able to make this donation to Brockville and District Hospital Foundation, knowing that it will directly impact the lives of the people who need it most."

GRATEFUL DONOR - JOYCE RITSKES

When my husband John was diagnosed with cancer and entered the Palliative program I decided at that point that I needed to do something to payback the many acts of kindness and compassion shown to him.

I started quilting items while my husband was being treated and it made him proud. When he passed January 6, 2020 I knew I could not stop. I donate my time and sell each item for approximately the cost of the materials. I created my own site on Facebook "quilting by Joyce" and also advertised on marketplace. This year I chose not to attend craft sales because of covid19. Many nurses made purchases and gave donations for Palliative Care. Each year I set goals for myself and if I fall short on sales I make up the difference. At peak buying time, I will quilt approximately 30 hours a week. My hobby has been great therapy for me during the difficult times and passing of my dear husband of almost 59 years. Dr. Ashe, nurses and support workers were angels in our time of need. Words cannot express my gratitude. I quilt 12 months a year and as long as I am able, I will continue to do so. I thank God for the energy and peace that allows me to continue.

If you have an interest in leaving a Charitable Bequest or Life Insurance Policy to the Brockville and District Hospital Foundation, we recommend you discuss the idea with your financial or legal advisors.

SECURITIES
